Dear KSB Friends,

**It is in all of the news outlets these days.
Recycling is in trouble.**

Since China established its "green fence" in 2018, more and more municipalities are closing their recycling centers because processing materials remain the same, but the price of the materials processed has plummeted drastically. A ton of cardboard was once valued at \$185, a center is now lucky to receive \$45 a ton for that very same cardboard today.

What can we do?

- Consider contacting the manufacturers of some of your favorite products and tell them you want to see them stop using plastics that end up in the oceans and eventually the bellies of innocent whales, sea turtles, fish, birds and many other forms of wildlife.
- Carry your own stainless steel or glass water bottle and avoid plastic water bottles at all costs! Additionally, use your own

coffee/tea receptacle. Some retailers give discounts when we bring our own containers.

- Please support Sedona Recycles. Consider thanking them for their passion for keeping recyclables out of the landfills by becoming a member. Sedona Recycles is funded by its members, the city of Sedona, and other donors.

***Ever thought of celebrating Earth Day
by picking up roadside trash?***

Brett Davila and Carla DeRonge of Flagstaff did just that!

It was a sunny day, not too hot, and the three of us filled approximately 25 bags. They had never litter lifted before and now understand first hand what's hidden alongside our roadways. A motorist traveling 50 mph only sees a small portion that is visible. Brett and Carla have a much better appreciation for what Keep Sedona Beautiful's Litter Lifter Program does for both nature and the community. Their experience in Sedona will be remembered forever.

Carla Williams
Litter Lifter Program Manager
